

# Bane of wolves

Katherine Maxwell's

Wolf wolf kill the wolf  
Hunt them far and yonder  
Wolf wolf kill the wolf  
'Till all the wolves are done for  
Wolf wolf hunt the wolf  
Hunt them out of our town  
Wolf wolf hunt the wolf  
Till all the wolves are going down  
Wolf wolf chase the wolf  
Chase them across the river  
Wolf wolf chase the wolf  
and make the wolves quiver  
In our town  
Built with our own hands  
These wolves aren't welcome  
Within our home  
We want them out  
Get it done by dawn  
We want these wolves gone  
Wolf wolf kill the wolf  
Hunt them far and yonder  
Wolf wolf kill the wolf  
Till all the wolves are done for  
Keep them in our custody  
Don't set them free  
These wolves shall be our history  
We are the greatest kingdom of our time  
We will not stand and let our people die  
These wolves are fierce  
But we can persevere  
Get the wolves out of here  
One more time I shall decree  
These wolves shall be our history

Wolf wolf kill the wolf  
Hunt them far and yonder  
Wolf wolf kill the wolf  
Till all the wolves go under...
